# Trustees' Message

*Dear Parents*

*Warm Greetings!*

It was way back when our beloved **Late Mrs. Ajabdevi ji and Mr. Ganeshlal ji** expressed their dream to contribute to the development of the city that gave them everything. Taking forward the dream of our parents we are proud to announce the launch of Esdee International School at Dungarpur. Shaping young minds is one of biggest responsibilities and challenge for a school.

Our unique academic programmes and teaching techniques encourage students to develop critical-thinking and learn through enquiry and reason, to exchange thoughts and ideas, to develop key personal and social values, to take ownership for his/ her choices and to set goals to realize their own unique potential.

Education is an on-going, continuous process where there is active involvement between parents, students and teachers. This helps in the holistic all round development of child which is transformational and not just informational. At ESDDE International we strive to provide an environment of love and trust and has a framework of discipline that is flexible yet supportive, a freedom that allows students to learn even from their mistakes, to develop into person who values freedom with responsibility.

**Motto** : We believe in the adage

**LEARNING TOGETHER** to explore new realms of knowledge, skills and values with a sense of curiosity.

**SUCCEEDING TOGETHER** to acquire profiles that are adaptive for their living situation.

We follow the approach of learning by doing. The practical experience of learning enables our children to leave our school daily with either something in their hand, something in their mind and especially something in their heart.

Therefore Esdee International School shall impart world class education through the best modern resources developing young minds to think, question and create.

So with our arms open, we welcome all of you to our loving **ESDEE School Family**.

With Regards,

### ***Technology Enabled IWB Classrooms:***

Keeping in pace with the modern age education we have made it sure that every classroom is equipped with Interactive White Boards and all teachers are trained to deliver the lessons through the specialized software.

### ***State of Art Infrastructure:***

The School Campus has been designed and built keeping in mind that it shall help and contribute in the learning of the kids. Proper care has been taken to built up a state of art eco-friendly campus with all modern facilities.

### ***Sports Facilities:***

We are determined towards the overall development of kids and thus school has developed all Indoor and Outdoor Sports facilities. Apart from providing the infrastructure qualified and professional coaches have been appointed to train the students and make them excel in sports.

### ***Well Equipped Laboratories:***

School is been equipped with English Communication Labs, Mathematics Labs, Robotics Labs and all other Science Labs. This shall help in the overall development of the kids and every thing shall be monitored and evaluated properly.

### ***GPS enabled Transport System:***

Our transport modes (vans and buses) are equipped with all high end safety features including the GPS tracking system. This ensures the safety of the kids and the also saves the travelling time.

### ***Experienced and Trained Teachers:***

All the teachers have rich experience and are professionally trained to take of your unique child. Teachers are been trained to understand the need of the child and deliver the best curriculum in the most appropriate way.

### ***Regular Updates on Mobile App and Website:***

In this modern age of technology we have tried our best to keep in pace with the changing world and teaching methodology. Daily, weekly, monthly updates about the performance of your ward is been updated on mobile app. Study plans, events and Homework is been shared on mobile app.

# Admission Open!
